

MORNING APPEAL

SATURDAY, DECEMBER 23

L. P. Fisher, newspapers advertising agents, 21 Merchants' Exchange, San Francisco, is our authorized agent. This paper is kept on file in his office.

HELP THE FAIR.

Mr. James A. Yerington, the Nevada Commissioner of the Midwinter Fair, called at the Enterprise office Wednesday, and in conversation with the editor, said that the work on the Nevada building was moving along in fine shape and he expected it would be completed by the 15th of January, at which time the cost of construction (about \$5,000) would have to be met.

The estimated amount required to carry the exhibit through successfully is \$15,000, of which only \$4,000 has yet been raised. This money ought certainly to be subscribed without any difficulty, as the advantages arising from the investment will be of incalculable benefit to all branches of industry in Nevada. We are all interested in this undertaking, as it will prove of far greater benefit than the exhibit at Chicago, being so much nearer home, we can show a larger amount of the productions of the State, both agricultural and mineral. While we took thirty-eight premiums at the Chicago Fair we ought to increase the ratio at San Francisco.

These exhibits will attract attention from all parts of the country, and will create a demand for our lands never before known. Our mines, our farms, our milk and butter, our fruits and vegetables are productions seldom equaled, never excelled. With such a prospect before us, we cannot afford to let our energies lag until our wildest hopes are realized, and Nevada occupies the position that justly belongs to her.

Then let us be up and doing, now is the accepted time, now is the day of exhibits.—Enterprise.

The Liberals of Salt Lake city, who were opposed to Statehood until defeated at the recent election, have formally dissolved the organization and adopted resolutions in favor of admission into the Union. The practice of polygamy has been absolutely abandoned by the Mormon Church, and it is not probable that any attempt to revive it will be made. Railroad and telegraph communication make the existence of polygamy in Utah an impossibility, in fact, the large influx of Gentiles at the time of the discovery of mines in Utah was death to the plural marriage system.—Journal.

John P. Hopkins was elected Mayor of Chicago to succeed Carter H. Harrison by a plurality of 1,287. The vote was the heaviest ever polled in the city. Swift, the defeated candidate, is a Republican member of the City Council and was appointed Acting Mayor after the death of Harrison. Hopkins is a bachelor 36 years of age. He was formerly paymaster for the Pullman Company, but of late years he has been engaged in the wholesale grocery business.

The Midwinter Fair Committee of Esmeralda is making efforts to advertise the resources of that county worthy of emulation. Printed circulars have been addressed to the mine owners in every district soliciting samples of ore, to include at least four sacks of ore from each mine, the ore to be an average of the product.

The Colorado Game Warden has found another small herd of buffalo in North Park, which is an isolated part of the State. The herd consists of two dozen animals. They are very tame and have been fed regularly by some of the few farmers who inhabit the lonely park, and constitute themselves special protectors of the herd.

The January number of The Forum (reduced to 25c.) will contain an impartial review of the whole Hawaiian question by Mr. James Schouler, the well-known historian who writes not for the sake of controversy, but to tell the facts of the whole contention and set them forth in their proper proportion.

The general opinion around the Capitol at Sacramento is that the Governor will commute John McNulty's sentence to imprisonment for life. Pleas for executive clemency are pouring into the Governor's office.
